FIRST AMENDED PETITION
FOR CANCELLATION

1. DeepSea Power & Light, Inc., hereinafter referred to as “Petitioner,” is a California corporation having a place of business at 3855 Ruffin Road, San Diego, California 92123.

2. Petitioner is the owner, by assignment, of U.S. Trademark Registration No. 2,822,627 on the Principal Register for the trademark SEALITE, together with all of the good will associated with that trademark.

3. Said assignment referred to in paragraph 2 was recorded in the USPTO on May 19, 2006 at Reel 003346, Frame 0541.

4. On information and belief, Petitioner’s predecessor in interest first used the SEALITE trademark in commerce on or about December 31, 1985 in connection with oceanographic equipment and parts thereof, namely, underwater lights.

5. On information and belief, Petitioner’s predecessor in interest and Petitioner have continuously used said SEALITE trademark in commerce in connection with said goods recited in paragraph 4 since December 31, 1985.

6. On information and belief, Sea View Underwater Research, Inc., a Florida corporation having a place of business at 200 Madonna Blvd., Tierra Verde, Florida, 33715, obtained U.S. Trademark Registration No. 2,520,801 on the Principal Register for the trademark SEALITE listing illuminated fish attractants as the goods, reciting a first use date in commerce in July, 1999, said first use date being long after the first use in commerce by Petitioner’s predecessor in interest of SEALITE as recited in paragraph 4.

7. On information and belief, Sea View Underwater Research, Inc. was renamed Sea View Video Technology, Inc.

8. On information and belief, Sea View Video Technology, Inc. assigned U.S. Trademark Registration No. 2,520,801 to PowerLinx, Inc., a Nevada corporation, hereinafter referred to as "Respondent."

9. On information and belief, Respondent is the current owner of U.S. Trademark Registration No. 2,520,801.

10. On information and belief, Respondent currently has offices located at 1700 66th Street N, Suite 300, St. Petersburg, Florida 33710.

11. Respondent's registered trademark so resembles Petitioner's registered trademark as to be likely, when used on or in connection with the goods of Respondent, to cause confusion, or to cause mistake or to deceive.

12. On information and belief, at the time Sea View Underwater Research, Inc. filed U.S. Trademark Application Serial No. 75/742,606 on June 30, 1999 that resulted in U.S. Trademark Registration No. 2,520,801, that entity was not the rightful owner of the SEALITE trademark.

WHEREFORE, Petitioner prays for relief in the form of an order from the Director of the USPTO that U.S. Trademark Registration No. 2,520,801 be canceled from the Principal Register.

Dated: October 27, 2006
